

MOLDEX

HEARING AND RESPIRATORY PROTECTION

Version 16

Moldex's expertise is hearing and respiratory protection to keep workers safer. This laser like focus results in an offering of innovative world class products.

- Our core products are manufactured in the U.S.A.
- Moldex is specialized in an age of generalization.

- Exclusive easy-breathing wave design.
- Less resistance, better breathability.
- Flex-Fit® comfort waves flex with you.
- Soft, cloth SmartStrap® is both hangable and adjustable.

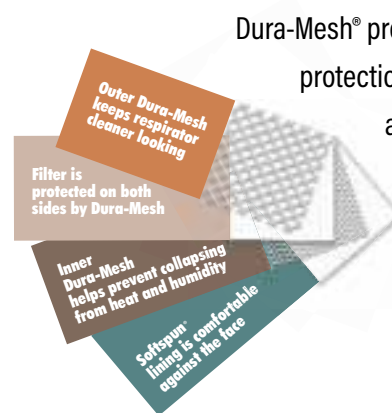

Glide's unique multi-curved stem custom fits, with just a push and a twist.

With over 50 patents, Moldex is dedicated to developing innovative solutions that address the hearing and respiratory needs of industrial and healthcare employees.

Some of our industry leading solutions include:

Dura-Mesh® provides bi-directional protection from dirt on the outside and moisture on the inside resulting in masks lasting longer, reducing usage and saving money.

HandyStrap® and SmartStrap® masks can be conveniently stored around the neck while on a break, keeping them from getting prematurely thrown away or misplaced.

Up to two distinct sizes in industrial masks and five sizes in healthcare to address today's diverse workforce.

Small

Medium/Large

The 7000 Series half mask respirator features fewer parts, minimal maintenance, and maximum comfort. The 9000 Series full face respirator's exclusive overmolded technology reduces weight, parts, maintenance and cost.

The first disposable earplug dispenser. PlugStations™ hang anywhere earplugs are needed to increase compliance and reduce waste.

The first corded earplug dispenser. Moldex now offers a PlugStation to those that require a corded earplug.

The refillable and recyclable EcoStation® is easy on the hearing protection budget and easy on the environment.

An air pocket in the tip of our Rockets® reusable earplugs provides incomparable comfort.

All Moldex products and packaging are PVC-Free.

A scientific study by Nicholas Anastas, Ph.D. Principal, Poseidon's Trident LLC, and Matthew Eckelman, Ph.D. at Yale University, Center for Industrial Ecology, confirms that considering the full life cycle of PVC vs. Polyurethane and Polypropylene, the scientific data supports the conclusion that use of Polyurethane or polypropylene are "green" alternatives to PVC and are ecologically preferred. Toxic chemicals associated with PVC disposal have been linked to a variety of health hazards.

Moldex has taken a leadership position among global PPE manufacturers in minimizing our environmental impact. We began with the complete elimination of PVC which is linked to one of the most environmentally toxic materials in landfill disposal and this initiative has now grown into a corporate culture that constantly looks to manufacture innovative products that minimize environmental impact.

Green products and packaging

- Removal of all PVC from our products and packaging.
- Dura-Mesh® shell on disposable respirators allows fewer respirators to be used and a reduction in the waste stream.
- Pocket-Paks® are recyclable products.
- Use of recycled paper for all literature and packaging throughout the company.

MOLDEX®

MORE AIR. MORE WEAR.™

- Exclusive easy-breathing wave design.
- Less resistance, better breathability.
- Larger surface area of the wave design means more airflow.
- More air and more comfort means more wear and compliance.

MORE FLEX. MORE DURABILITY.

- FlexFit® design moves easily with your face and stays in place.
- Pinch-free molded nose bridge.
- Soft foam nose cushion or full face flange.
- Softspun® lining for increased comfort.
- Dura-Mesh® shell resists collapsing in heat and humidity.
- Meets heat and flame resistance in accordance with AS/NZS 1716:2012.

P2 AirWave 2-Strap

▲ 4200 P2

P2 AirWave SmartStrap

▲ 4600 P2

Outer Dura-Mesh keeps respirator cleaner looking

Filter is protected on both sides by Dura-Mesh

Inner Dura-Mesh helps prevent collapsing from heat and humidity

Softspun® lining is comfortable against the face

Soft Foam Full Face Flange on the 4600 model.

MORE COMFORT. MORE USE.

- Soft cloth SmartStrap® allows you to adjust for a custom fit, and allows respirator to hang around the neck when not in use.
- Longer use means less waste, fewer respirators used and lower costs.
- Metal free. (SmartStrap models only).

P2 + Nuisance Organic Vapours AirWave SmartStrap w/ Full Flange

● 4800 P2

COMPARE THE AIR.™

- The AirWave difference: Up to 68% less resistance* than leading brands.

* Testing conducted at 85 liters per minute in accordance with NIOSH 42 CFR Part 84.180 initial resistance requirements. Resistance will vary with actual use conditions. Charts and percentages reflect averages of test results for 30 samples of each product.

SMARTSTRAP

Adjustable

Simply pull straps for a custom fit

Hangable

Break the take-off and toss habit

▲ P2 Series Applications:

Grinding, Torch Cutting, Sanding, Metal Pouring, Sweeping, Metal Working, Bagging, Foundries, Stone Quarrying, Agriculture, Metal Machining, Construction Sites, Cement, Ceramics Manufacturing, Underground Mining, Timber/Lumber Mills, Polishing, Buffing, Lime, Poultry, Textiles, Welding, Brazing, Soldering.

● P2 Plus Nuisance Levels of Ozone and Organic Vapours Applications:

Welding, Diesel Particulate Matter (DPM), Arc Cutting, Foundry Operations, Brazing, Plasma Spraying, Laser Beam Cutting/Welding, Laboratory Settings, Agriculture, Petrochemical Manufacturing, Rendering Plants, Auto Repair, Mining Operations, Waste Disposal.

Always refer to instructions before using.

Welding, Diesel Particulate Matter (DPM), Arc Cutting, Foundry Operations, Brazing, Plasma Spraying, Laser Beam Cutting/Welding, Laboratory Settings, Agriculture, Petrochemical Manufacturing, Rendering Plants, Auto Repair, Mining Operations, Waste Disposal.

■ P2 Plus Nuisance Levels of Acid Gas Irritants Applications:

Aluminum Smelting, Glass Etching, Electroplating, Fiberglass Manufacturing, Paper Processing, Chemical Processing, Brewing Operations, Fertilizer Production.

Always refer to instructions before using.

HANDYSTRAP SERIES RESPIRATORS

- Cloth strap is cool and comfortable against the skin.
- HandyStrap® with buckle, allows mask to hang down around the user's neck when not in use preventing premature disposal, reducing usage and saving money.
- Dura-Mesh® provides bi-directional protection from dirt on the outside and moisture on the inside resulting in masks lasting longer.
- Soft foam nose cushion for added comfort and no pressure points.
- Softspun® lining for increased comfort and durability.
- Ventex® valve lets the hot air out faster, so workers breathe easier and stay cooler, and helps the masks last longer.
- Meets heat and flame resistance in accordance with AS/NZS 1716:2012.
- 100% PVC-Free.

HEALTHCARE RESPIRATORS & SURGICAL MASKS

- Available in 5 sizes for today's diverse workforce.
- Highest ASTM level of fluid resistance on the market (160mm Hg).
- NIOSH certified to have a filter efficiency of 95% or greater against non-oil based particulates.
- Bacterial Filtration Efficiency (BFE)>99.9%.
- Meets CDC guidelines for TB exposure control standards and protection against laser plumes or surgical smoke.
- Meets heat and flame resistance in accordance with AS/NZS 1716:2012.
- No need for pre-stretching straps.
- Not manufactured with natural rubber latex.

- **Potential Healthcare Applications:**
Surgery, hospitals and healthcare facilities, nurse/hospice care, correctional facilities, police, fire and rescue teams, EMS/EMT, homeless shelters, occupational health facilities, school healthcare offices.

Always refer to instructions before using.

COMPLIANCE JUST GOT A WHOLE LOT EASIER

Moldex designed the 7000 half mask and 9000 full face series to be the most user friendly respirators on the market. The streamlined 7000/9000 feature fewer parts, minimal maintenance, and a wider field of vision.

They are both ultra-light weight, durable, and economical, so maximum comfort with extended use is built-in. The award-winning 7000/9000 series add up to simple, comfortable, and economical respiratory protection that's just plain EASY TO WEAR.

7800 PREMIUM SILICONE HALF MASK

The 7800 Premium Silicone Half Mask has higher resistance to heat and compression, with all the enhanced comfort and durability of silicone.

7000/7800/9000 APPLICATIONS

Full range of gas/vapour cartridges for these common applications and environments

Foundries, paper, pesticides, wood products, printing, pharmaceuticals, agriculture, tobacco, mining, petrochemical, aluminum processing, textiles, glass, chemical manufacturing, paint, laboratories, utilities, cement, fiberglass, coal, fertilizer, petroleum refining, oil or water-based paints, electroplating, embalming, rendering, adhesives, construction, automotive, food processing, agriculture, mining, transportation industries, ship/boat building, health services, furniture manufacturing, primary and fabricated metal.

Common applications and environments for 7940 P2/P3 filter and 7990 P2/P3 cartridge

For contaminants where a substance specific standard applies (asbestos, lead, cadmium, inorganic arsenic, MDA) requiring a filter as well as pharmaceutical, battery, nuclear, welding, metal processing.

Common applications and environments for P2 filters

Welding, grinding, machining, bagging, buffing, cement, metal working, dusty environments, foundry, mining, poultry, sanding, wood, furniture, textiles, waste processing.

7000/7800 FEATURES

Wide flange fits more facial shapes comfortably

Attached exhale cover for easy inspection

Easy mount bayonet cartridge/filter attachment

The 7000, 7800 and 9000 share a full line of cartridges and filters

The versatile 7000/7800 has optional drop down/lock down strap modes

7000/7800 in Drop Down Mode

Lock down mode

7000 AND 7800 KITS

APPLICATIONS

EXAMPLES

PAINT SPRAY / PESTICIDE - A1P2

- Paint Spray
- Pesticide Manufacture and Application
- Chemical Handling
- Foundry Operations
- Agriculture
- Mining

Gluing, spraying, de-greasing, dry cleaning, fibre glassing, gel coating, flour bleaching, painting, printing, carpet installation, organic solvents, pesticide spraying, refineries, body shop

	Small	Medium	Large
7000 Series	70111A	70112A	70113A
7800 Series	78011A	78012A	78013A

MULTI-GAS / VAPOUR - A1B1E1K1

- Ammonia
- Chlorine
- Hydrogen Chloride
- Sulfur Dioxide
- Formaldehyde
- Solvents (boiling points >65°C)

Chlorine/sterilization of water; chemical manufacture; hydrogen chloride/ chlorinated organic chemical manufacture, steel pickling, SO2 casting metals, bleach manufacture, manufacture of sulfuric acid, fertilizer manufacture, metal cleaning, petroleum refining, NH3/refrigeration, explosives, low boiling point amines. de-greasing, paint vapour, electroplating, etching, printing, textiles, waste processing, aircraft maintenance, refineries

	Small	Medium	Large
7000 Series	70601A	70602A	70603A
7800 Series	78061A	78062A	78063A

FINE DUST PARTICULATE AND ASBESTOS (NON FRIABLE) - P2/P3

- Asbestos
- Silica (not sand blasting)
- Inorganic Arsenic
- Lead
- Sweeping
- Pharmaceutical Manufacturing

Asbestos removal, silica dust, bagging, cellulose (paper dust), coal dust, concrete dust, construction, corn starch, cutting, drilling, floor sanding dust, foundry, glass wool, grinding, lead dust, manganese dust, metal fume, milling, mist particulate, mould remedial work, packhouse dust, building insulation, plaster of paris, poultry dander, sanding, sodium hydroxide (caustic soda), stone quarry, wood dust

	Small	Medium	Large
7000 Series	70941A	70942A	70943A
7800 Series	78941A	78942A	78943A

WELDING PARTICULATE + NUISANCE OV - P2/P3

- Welding
- Diesel Particulate Matter (DPM)
- Metal Machining/Grinding
- Waste Processing/Recycling
- Torch Cutting
- Aluminum Processing

Brazing, dry pesticides, fine dusts, fertilizers, foundry, fume, grinding, lead dust, lime dust, metal fume, metal machining, mist particulate, nuisance organic, ozone protection, panel beating, polishing, sanding, smelting, soldering, textiles, torch cutting, waste recycling, welding fume

	Small	Medium	Large
7000 Series	70961A	70962A	70963A
7800 Series	78961A	78962A	78963A

9000 FEATURES

Lightest weight facepiece
of any popular model

Over-molded buckles for
secure strap attachment
- one finger strap release

Stand away head harness
for easy donning

Completely free of metal parts

Lens with scratch resistant
coating meets AS 1337
for impact protection.
Tear away lens protector included.

Over-molded flange to lens.
Eliminates heavy metal
clamping frame for less
weight and fewer parts

Panoramic lens with peripheral
vision side panels

Integrated exhale area with attached
cover. Fewer parts, simple maintenance
and inspection.

Easy mount bayonet
cartridge/filter attachment

Nuisance Ozone/Organic Vapour Filter Disk (Image not shown)

8000 FACEPIECES, CARTRIDGES, FILTERS & ACCESSORIES

8000 Facepiece

- Extra-wide sealing surface for comfort and fit.
- Low maintenance because there are no gaskets or yoke to replace.
- Easy drop down strap assembly.
- Low profile for a wide field of vision.

8000 Gas/Vapour and Filter Cartridges with inhale valve

- New inhalation valve with each cartridge

- 8100A Organic Vapours - A1
- 8600A Multi-Gas/Vapour Smart Cartridge - A1, B1, E1, K1
- 8030A P2/P3* Particulates - HEPA

*P2 protection when worn with the 8000 half mask.

8000 Particulate Filters

- Use 8010A P2 Filter together with the 8020 Pre-filter Retainer as a pre-filter with any Gas/Vapour cartridge or as a stand-alone filter with the 8900 Filter/Disk Holder.
- Use the 8830A P2/P3* Filter as a stand-alone filter with the 8900 Filter/Disk Holder or piggyback with a cartridge with the 8920 Piggyback Adapter.

8010A P2 Filter

8750A P2 with Nuisance Ozone/OV (only for use as standalone with 8900)

8830A P2/P3* Filter

*P2 protection when worn with the 8000 half mask.

Decibel
Scale (dBA)**SLC₈₀ [SOUND LEVEL CONVERSION]**

The SLC₈₀ is a rating defined as the difference between the sound level of the environment in which the hearing protection device is worn, and the sound level reaching the wearer's ears attained by 80% of users in well-managed hearing protector programs. Based on the minimum SLC₈₀ rating required for a hearing protector a Class 1 - 5 device can be selected. All Moldex hearing protection is independently tested to AZ/NZS 1270-2002 by Michael & Associates, Inc., State College, PA.

Class	Average Exposure dB(A) Over 8 Hours	SLC ₈₀ dB(A) Range
1	Less than 90	10 - 13
2	90 to less than 95	14 - 17
3	95 to less than 100	18 - 21
4	100 to less than 105	22 - 25
5	105 to less than 110	26 or Greater

FOAM EARPLUGS

- Extra-soft, lightweight foam for all-day comfort.
- Tapered for a snug fit while gently conforming to the ear canal.
- Non-irritating smooth surface.
- Shaped to fit even very small ear canals.
- All Moldex products are 100% PVC Free.

**ALPHAS™**

- Premium quality at a competitive price through innovation.
- Slip the earplugs into place with total ease and comfort.
- Economic and reusable.
- Pocket-Pak Plus provides hygienic storage of plugs between uses.

**GLIDE®**

- Large stem allows you to twist to find your fit.
- Stem is contoured for easy adjustment.
- Extra-soft material seals gently and snugly without pressure.
- Cord locks securely to plug.
- New Glide Trio with cord attached with Pocket-Pak.

**PLUGSTATIONS®**

- The most popular earplug dispenser on the market.
- PlugStations are available in Corded and Uncorded.
- Increases compliance. Puts plugs within easy reach so workers use them more.
- Convenience. Mounts anywhere hearing protection is needed.
- Lowers cost - workers take just one pair, instead of wasteful grabbing.
- Uncorded - Sealed PlugStations ensure plugs stay sanitary.
- Only corded earplug dispenser on the market.
- EcoStation is refillable and recyclable.

LOOK, NO HANDS!

TOUCHFREE ECOSTATION®

A Hygienic Solution to Earplug Dispensing

- The most hygienic way to dispense earplugs
- Automatically dispenses one pair of earplugs
- Easy to install – Battery operated
- No hassle replacement refills

NEW
TOUCHFREE
DISPENSER

SOFT COMFORTABLE FIT

SparkPlugs earplugs are made of extra-soft, extra-light foam. Their tapered shape fits easily in the ear canal, and seals gently and snugly without pressure. They're so comfortable you'll forget you're wearing earplugs.

INDEPENDENTLY TESTED: SLC 29DB

SparkPlugs earplugs offer a high **SLC 29dB**, making them suitable for most noisy environments. So, while they look like fun, they provide serious protection.

METAL DETECTABLE VERSION

SparkPlugs also come in a metal detectable version which has a metal detectable cord. The bright blue colour is perfect for food processing applications. The enclosed metal ball bearing eliminates any exposed metal. The ball bearing and cord are in separate holes so that the earplugs remain detectable even if the cord is removed. The earplugs are corded to prevent earplug loss.

SPARKPLUGS

- Extra-soft, low pressure foam for comfort and fit.
- Non-irritating smooth surface.
- Metal detectable earplugs and cord for food processing application.

FIT TO BE TRIED

Pura-Fit earplugs are tapered so they are easier to insert in most ear canals. Plus their longer shape make them easier to grasp.

INDEPENDENTLY TESTED: SLC 27DB

Pura-Fit earplugs offer a high **SLC 27dB**, making them suitable for most noisy environments. So, while they look like fun, they provide serious protection.

MORE COMFORT, LESS COMPLAINING

Pura-Fit earplugs are designed for increased compliance and fewer complaints. The special foam is formulated for softness and comfort, and the outer surface is smooth, so it doesn't irritate the ear canal.

- An industry favorite.
- Longer length for easy fitting and removal.
- Extra soft foam for maximum comfort.

COOL LOOK, COOL COMFORT

The MX-5, MX-6 and MX-7 are a cool and comfortable upgrade in earmuffs. The larger cup openings are designed to fit most ear sizes. Exclusive waffled cup foam delivers superior protection in MX-6 and MX-7.

The cushion-ribbed headband allows cool comfort all day long and the non-slip wire makes adjustments easy. The MX-5, MX-6 and MX-7 are easy to wear and durable, have a sharp, cool look and increase compliance.

The headband is made of lightweight plastic and metal

Exclusive bright green colour and sleek, curvy shape for a look that workers will want to wear.
