

SCRAMBLER

On Site Safety

Protecting You

The RE22 Scrambler is a Class 4 reusable earplug with 22dB rating as per AS/NZS1270.

Certified to AS/NZS1270, the RE22 Scrambler earplug is designed for all day wearing comfort.

The Scrambler has a unique triple flange flare for controlled insertion into your ear canal.

The 15mm easy grip stem helps to ensure you get the perfect fit and also removal without experiencing pain.

The Scrambler comes in a bright neon green colour for quick and easy identification.

Packaging Options

Hard Cases Twin Pack

The Scrambler is available with a hard case for keeping your plugs clean and hygienic. Each twin pack comes with two pairs of corded or uncorded earplugs with two protective hard cases.
